Machine Learning-Based Prediction of Dairy Cow Fertility and Milk Production: A Data-Driven Approach To Enhancing Dairy Farming Efficiency Kilani, S.O. ; Olowookere, S.A. ; Morakinyo T.O ; Amao, K.I	1-9	PDF
Economic Implications of Avian Influenza Vaccination Programs in Poultry Production Favour Ojochide Raphael, Onum Friday Okoh, Agama Omachi , Abu Deborah Abiojo	10-34	PDF
Ai and Machine Learning-Powered Automated Data Cleaning Methods: Improving Data Quality Kilani, S.O., Amao, I.K., Ojo N.A., Samson P.A.	35-48	PDF
Development and Validation of a Task-Specific Trunk Movement Training Protocol for Improving Trunk Control in Infants and Children with High Predictive Value of Cerebral Palsy Sukirthan.S , Arunachalam.R , Senanayake S.P , Jayawardana.P	48-54	PDF
Predictive Modeling of Cardiovascular Disease Progression Using Biomarkers and Machine Learning Algorithms Hope Nyavor	55-77	PDF
Leveraging Machine Learning to Predict Medication Adherence and Cardiovascular Outcomes Under Centralized Pharmaceutical Procurement: A Medicare Part D Analysis Emmanuel Oluwabade, Blessing Animasahun, Adeola Bakare and Okolue Chukwudi Anthony	78-101	PDF
Impact of Inner Range Strengthening of the Knee in Functional Outcomes of Patients with Early Osteoarthritis of the Knee - A Quasi-Experimental Dr. Lakshya Choubisa , Dr. Deepak Sharma	102-108	PDF
The Role of Eccentric Strength Training in Enhancing Knee Stability and Reducing Reinjury Risk After ACL Reconstruction – A Quasi-Experimental Design Deepak Sharma, Dr.Lakshya Choubisa	109-116	PDF
Dynamic Health System Performance Forecasting through Cross-Platform Business Analytics and Federated Clinical Data Integration Verseo'ter Iyorkar	117-138	PDF
Single-Cell Proteomics using Ultrahigh-Resolution Mass Spectrometry to Unravel Cellular Heterogeneity in Complex Tissues Ibukunoluwa Fikayo Olukotun	139-161	PDF
Improving Healthcare Financial Performance through Data-Driven Forecasting, Cost Modeling, and Reimbursement Optimization Tools Aishat Okunuga	162-184	PDF
Exploring Science & Mathematics Models through AI Technology to Advance High School Education Right Rejoice Elikem Vorsah and Tobias Amewuga Tamakloe	185-206	PDF
From Inspiration to Inventory: Navigating Product Development and Branding in the Makeup Industry Rhema Akabuogu	207-228	PDF
Biomarker Discovery in Clinical Biology Enhances Early Disease Detection, Prognosis, and Personalized Treatment Strategies Adekola George Adepoju and Daniel Adeyemi Adepoju	229-252	PDF
Reconstructing Global Credit Markets: Analyzing the Role of Shadow Banking in Systemic Financial Vulnerability Olayinka Michael Olawoyin and Oluwabiyi Oluwawapelumi Ajakaye	253-273	PDF
Developing Autonomous Cyber Defense Systems Using Generative Adversarial Networks for Anomaly Detection in IoT Data Streams Christianah Gbaja	274-292	PDF
Urbanization and Crime Control in Ughelli North Local Government Area of Delta State, Nigeria Onota Hendris, Oloya Cynthia Edafe	293-306	PDF
Governance and Insecurity in Nigeria: A Case Study of Delta State Mulade Sheriff , Prof. E.V. Clark , Ikenga F. A.	307-317	PDF
